

# Put an extra lock on your bank account.

Many businesses don't expect they will be a victim of check fraud. But research indicates 66% of businesses experience actual or attempted payment fraud.<sup>1</sup> **Why take the risk?** For **just pennies more per check**, you can upgrade to High Security checks with features that deter, detect and defend your business against check fraud.

**DETER** criminals with features to prevent copying, identify when alteration has been attempted and easily identify if a check is an original document.

**DETECT** fraud attempts more quickly, enabling fraudulent checks to be reported sooner thereby protecting your account.

**DEFEND** your credit record by demonstrating to authorities you've proactively reduced your risk.

**Thermochromic Ink**  
Ink reacts to heat to deter and detect copying.

### Anti-Copy Technology

This feature makes it very difficult to copy a document on the majority of copiers in use today.

### Foil Hologram

Multicolored, dimensional foil has **embedded security features** that cannot be reproduced by copiers or scanners.

### High-Security Background Colors

Copiers and scanners cannot duplicate these Blue, Green, Maroon, Gray or Tan background colors.

### Mobile/Remote Deposit Reminder

Track and date deposits made via mobile device to prevent depositing checks twice.

**True Watermark**  
Watermark pressed into paper can be seen by holding the check up to a light source but cannot be reproduced by copiers or scanners.

### Also includes these security features:

- Chemical-sensitive paper
- Consecutive numbering
- Microprinted borders
- Toner adhesion
- Padlock icon
- Security warning box
- Warning border
- High-resolution border elements
- Color pantograph background pattern

### Chemical-Wash Detection Area

Chemical alteration attempts result in speckling or stains in this lock area.

### Original Document Backer

Original document screening deters cut-and-paste alteration attempts.

Checks may look slightly different from those shown as we continue to improve our High Security technology.
